

PARKING AT HAMPTONS DURING RAMADHAN

To facilitate the parking at Hamptons during Ramadhan we have increased the capacity and have secured support from the council's traffic management team during peak times. We ask all our musalees to adhere to the following:

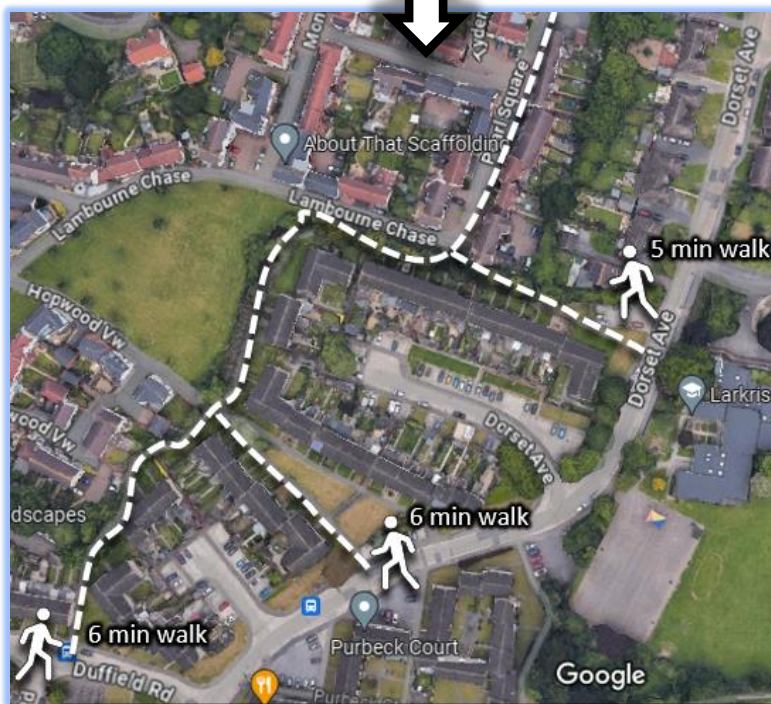

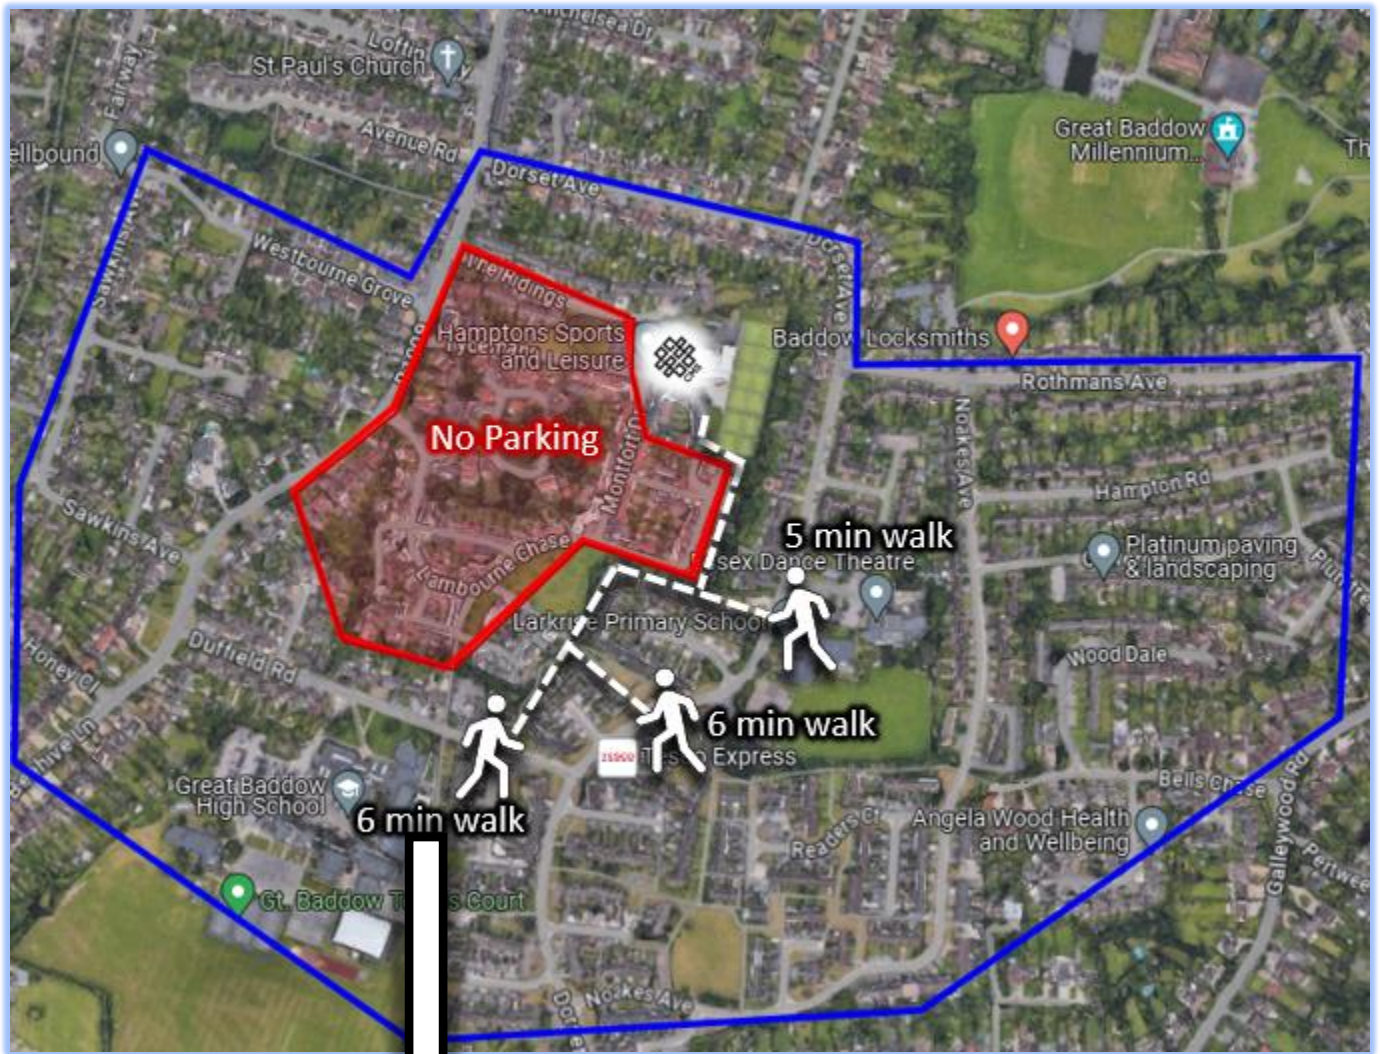

- Carshare where possible and do not arrive late (volunteers need to pray too).
- Do not park on the pavement on Tydemans or in the residential area next to the centre.
- Follow the instructions of the parking marshals.
- In the car park, if you have been asked to double park thus blocking in another car, please leave promptly after prayer or move your car to a bay if you wish to stay longer.
- We will segregate those praying 8 rakats and leaving early versus 20 rakats, allowing minimal impact to our neighbours and for better management.
- In area D please do not reverse in as headlights penetrating homes – please also not loiter in this area.
- Please leave car park promptly and don't stay to talk so not to disturb the neighbours.

For busy periods additional parking has been arranged at **Grt Baddow, School Duffield Rd, CM2 9RZ**. Directions below. Our minibus will also be arranged from the school where necessary.

There is also parking around the streets of Hamptons. Please ensure you do not park in the red area, dropped curbs or in front of driveways. See map below for more details.

Please be considerate when parking. We thank you for your support.
